## Canon Marketing Japan Group Status Following the Tohoku–Pacific Offshore Earthquake

We wish to extend our deepest condolences and prayers to those who have suffered loss of life and injury to family members due to the Tohoku-Pacific Offshore Earthquake Disaster on March 11, 2011.

The status of damage caused and effects of the earthquake on the Canon Marketing Japan group are as follows:

### 1. Scope of Damage and/or Destruction

#### (1) Bodily harm to employees

It has been confirmed that no employee sustained any serious physical harm.

#### (2) Situation of our business establishments

Some articles fell and sustained damage in the Tohoku and Kanto distribution centers.

Moreover, some equipment and components sustained some damage.

### 2. Potential Influence on Company Performance

While the situation is too unsettled to make an intelligent assessment of any potential influence on our company performance, we will be prepared to make a timely announcement whenever factors are identified that could significantly impact our performance in the current term.
